Oak reduction in Woking, Surrey

Tree Marshalls Ltd reduced a large oak tree between a house and a neighboring barn, trimming 2-3 meters off the crown while maintaining a balanced shape. The team raised the crown for clearance over roofs and rails and removed significant deadwood to enhance safety.

In the lower paddock, fallen branches blocking a stream were cleared using a tracked chipper, with woodchips redistributed into the bramble area to promote natural cover.

This work carried out demonstrates Tree Marshalls Ltd's efficient and sustainable tree management solutions.

Supporting Mental Health Awareness Day 2024

Tree Marshalls Ltd joined in on social media for the #takeamoment campaign. Take A Moment is about simply taking a few seconds every day for our mental health...to pause, breathe, disconnect and then reconnect, so we can find clarity. A simple action that can make a life changing difference in our fast-paced world. Prioritizing mental health helps break stigmas, encourages open communication, and creates healthier, more productive work environments.

October in reviews

"Excellent from start to finish, the chaps were polite, efficient and did what was required. We had our bushes trimmed to how I had specified, they removed a willow tree stump and a sea tree and left no mess.

Really happy with the results! Would highly recommend!!" - James Levitton

"Both men were very polite and worked hard and did an excellent job."

"Turned up on time on the agreed date...and got rid of my huge laurel tree in a couple of hours! Shortly afterwards, as promised, the grinder op turned up, and not only got rid of the stump but 2 others at no extra cost. 😊😁" - Alex Kadyshovich

"We recently worked with Dillon and his team to remove one hell of a garden and some enormous trees and we couldn't be happier with the results. From the very first conversation, through consultation visit and all services provided, Dillon and Alex were absolutely brilliant. The customer service is unmatched and the end result was fantastic. Nothing was too much of an ask. If we ever need similar services again, we will for sure be in touch! Thank you." - Amy Wynne
